Please share your thoughts about Skagit County's plan to update the playground at Schoolhouse Park and bring it into compliance with National Playground Safety Standards. GICCA is working with the County to solicit input from Guemes playground users. Comments are welcome today or mail or email to GICCA's addresses above.

- I LIKE IT!** Playground ideas and design that were discussed today that you like?

- NO THANKS...** playground ideas that you prefer to eliminate

- I SUPPORT THE NORTHWEST SHIFT.** I like the plan to relocate to the area west of the court and to return the current footprint back to grass (with some horsetails of course).

- I CAN HELP.** Playground costs are reduced when volunteers offer support. Can you help or what can you offer?

- I CAN OFFER FUNDING SUPPORT!** I am interested on helping to sponsor a piece of playground equipment... or I have grant writing skills... or other ideas.

- INTERESTING....** As a new Master Plan for the park and stage parcels is developed in the future, what changes would you like to see?

- SIGN ME UP.** I would like to step up and help the community on the planning committee and implementation of this project.

- TELL US WHO YOU ARE.** Name, phone, email, etc...
